Dear sir or madam,

DRAFT RECOMMENDATIONS ON THE NEW ELECTORAL ARRANGMENTS FOR TEST VALLEY BOROUGH COUNCIL

Having considered the above document Romsey Extra Parish Council **objects** in the strongest terms to the proposals made:

*"Splitting Romsey Extra Borough ward between neighbouring wards will result in no coherence between the County, Borough boundaries with the electorate being left totally confused. There does not appear to be any sensible rationale for the boundaries proposed except for numbers and it does **not** take into account the current communities. For example parts of Romsey Extra such as Broadlands and Highwood Lane which have long been more associated with Romsey are being moved out to surrounding wards. We are concerned that local gaps between Highwood and N Baddesley could become lost as a result of these proposals".*

Kind regards
