

Knowsley Liberal Democrats

30th March 2015

Dear Mark,

On behalf of the members of Knowsley & Prescott Liberal Democrats I should like to thank you for sending us the Boundary Commissions recommendations for Knowsley and the changes made to the size of the Council and the new ward arrangements, specifically regarding Prescott North and South.

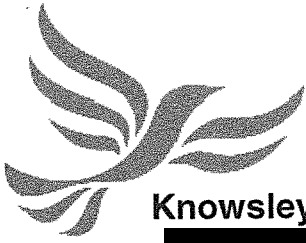

Knowsley & Prescott Liberal Democrats at our meeting held in March welcomed the Boundary Commissions recommendation for the new warding arrangements for Prescott North and Prescott South.

The proposed new boundary along the railway line is a significant improvement on Knowsley Council's proposals, and their division of Prescott.

The Boundary Commission have recognized the importance of the Township of Prescott and that it should not be split in half through the Town Centre.

Your recommendations will help reunite the majority of Prescott and help strengthen social cohesion.

Prescott South has also been improved with the local neighbourhood links strengthened.

Knowsley Liberal Democrats  
[REDACTED]

We are a little concerned at the proposed new warding arrangements for the Town Council and favour the status quo.

Thank you for your help and consideration.

Yours sincerely ;

[REDACTED]

CHAIR, KNOWSLEY & PRESCOT LIBERAL DEMOCRATS
