Comment text:

Chieveley Parish Council agree with the proposal to reduce the number of Ward Councillors from 52 to 42. Concern was expressed that the number of Ward Councillors representing rural areas will go down in favour for more Ward Councillors covering higher electoral numbers in urban areas. There would be benefits from having communities surrounding the M4 junction represented by the same Ward Councillor and to adjust the ward boundaries to accommodate this if necessary. The current Ward base covering Chieveley, Curridge, Oare and part of Snelsmore around M4 still the preferred option but if it must be extended suggest looking at other local M4 junction 13 affected Parishes/areas i.e. Hermitage, Winterbourne to be taken into the Chieveley Ward.
