Please find attached a response from Marston Parish Meeting. Kind regards, Helen Peach Marston Parish Clerk

Marston Parish response to SBC Ward consultation Jan 2014

Marston Parish is currently part of the Seighford Ward. At our Parish Meeting on 2<sup>nd</sup> January 2014 we discussed proposals for changing the ward boundaries for Stafford Borough Council which impacted on our Parish.

We currently feel no affiliation with the Seighford Ward and believe that the M6 serves to separate Marston from the rest of the Seighford Ward.

We believe that Marston Parish would be better placed within the Milwich Ward. This Ward contains rural communities similar to Marston. The inclusion of Marston parish would not bring the total electorate figure to an unreasonable level.

Another suggestion we would like to put forward is to join Milwich and Chartley. Again, this would not increase the electorate figure unreasonably.

Consideration would have to be given however to ensure that the councillor(s) serving this extended Ward would have sufficient time and capacity to be able to provide the Parishes with due care and attention, given the number of Parishes included.

We trust that you will take our comments into consideration and look forward to hearing the draft recommendations which come out of this consultation process.

HELEN PEACH

MARSTON PARISH CLERK
