Annotation 1: Offmore Road 94-104 DY10 1SU and Chester Road

## Comment text:

Offmore Road at this point defines the boundary between the extant Greenhill Ward GR-D1 and GR-D2 Polling Districts, and the boundary between the St Georges & St Oswalds and the St Chads County Divisions. The area marked includes 49 electors on the current Register. As proposed, this would comprise the only part of the New Aggborough and Spennells Ward to fall within the St Georges and St Oswalds Division. Your assertion in Paragraph 42 that 'We consider that the railway line provides a more identifiable boundary between communities in this area' does not reflect the actuality of this old and densely populated part of Kidderminster, and also conflicts with your previous decision in making these County division boundaries. Additionally, moving this area from the New Aggborough and Spennells Ward to the New Offmore and Comberton Ward would result in an improvement in the Variance from Average figures given in the 2019 Electorate in Table A1.
