Extend the boundary of St Helen's Ward eastwards as far as Pine Avenue, with a southern boundary of Hoad's Wood Road. This would give a more natural community feel, closer to the parish boundary. Although the two areas of Malvern Way and Linley Drive would be left out of St Helen's, these two more deprived communities would become highlighted for increased funding. St Helen's Ward could be made smaller at its western end which could more logically be absorbed into Silverhill which is a small ward. Include the areas west of the Hastings/St Leonards boundary, making St Helen's entirely a Hastings ward. Adopting the original Hastings/St Leonards boundary would avoid conflict about which residences there would be included in which ward.
