

Cllr. Joy Keeley

Parish councillor

03/04/2013 10:38

I feel that it would be better to reduce the number of Councillors to a odd number of 35 or 37 making it a more workable council. I feel that two Councillors would be able to cover tne present load. The various committees would would be able to make quicker decisions as there would not be as many views or as much debate taking place.
