Comment text:

I am the Chairman of the Batchworth Heath Residents Assn. I represent the residents who live on the Heath and we are a small RA which focuses on the preservation of Batchworth Heath. Over many years we have fought for the improvement and preservation of the Heath against some heavy and ferocious opposition. In the 90's we successfully defended an audacious attack on the Heath by Hertfordshire CC who wanted to take some common land for traffic improvements. They tried many schemes and tricks but in the end - after a full DoF Inquiry the Residents Assn prevailed and all schemes were turned down. Moor Park Ltd and the Eastbury Farm associations put up strong support for the schemes therefore declaring their total lack of interest in the quality and preservation of Batchworth Heath. Batchworth Heath is much better served by being part of Rickmansworth and we have been very happy with this arrangement for a long time. Please do not alter it. David Munns Batchworth Heath residents Assn - Chairman
