

Helping you to have your say:

We are now consulting local people on a new pattern of wards for Hastings. The Commission has an open mind about its final recommendations and will consider every piece of evidence it receives from local groups and people. Every representation will be considered, regardless of whom it is from or whether it relates to the whole Hastings or just a part of it.

If you agree with our recommendations, please let us know. If you don't think our recommendations are right for Hastings, we want to hear alternative proposals for a different pattern of wards.

The Commission aims to propose a pattern of wards for Hastings which delivers:

- **Electoral equality:** each councillor represents a similar number of voters.
- **Community identity:** reflects the identity and interests of local communities.
- **Effective and convenient local government:** helping your council discharge its responsibilities effectively.

A good pattern of wards should:

- Provide good electoral equality, with each councillor representing, as closely as possible, the same number of voters.
- Reflect community interests and identities and include evidence of community links.
- Be based on strong, easily identifiable boundaries.
- Help the council deliver effective and convenient local government.

Electoral equality:

- Does your proposal mean that councillors would represent roughly the same number of voters as elsewhere in the council area?

Community identity:

- **Transport links:** are there good links across your proposed ward? Is there any form of public transport?
- **Community groups:** is there a parish council, residents association or another group that represents the area?
- **Facilities:** does your pattern of wards reflect where local people go for shops, medical services, leisure facilities etc?
- **Interests:** what issues bind the community together or separate it from other parts of your area?
- **Identifiable boundaries:** are there natural or constructed features which make strong boundaries for your proposals?

Effective local government:

- Are any of the proposed wards too large or small to be represented effectively?
- Are the proposed names of the wards appropriate?

Who we are

The Local Government Boundary Commission for England is an independent body set up by Parliament. We are not part of government or any political party. We are accountable to Parliament through a committee of MPs chaired by the Speaker of the House of Commons.

Our main role is to carry out electoral reviews of local authorities throughout England.

Electoral review

An electoral review examines and proposes new electoral arrangements for a local authority. A local authority's electoral arrangements are:

- The total number of councillors representing the council's voters ('council size').
- The names, number and boundaries of wards or electoral divisions.
- The number of councillors representing each ward or division.

Why Hastings?

We are conducting an electoral review of Hastings as part of a wider county review of East Sussex County Council and its districts.

Our proposals

Hastings Borough Council currently has 32 councillors. We propose that the council should have 32 councillors in future. The Commission believes that a council size of 32 members will ensure the council can discharge its roles and responsibilities effectively and provides for a warding pattern that meets our statutory criteria.

Electoral arrangements

Our draft recommendations propose that Hastings' 32 councillors should represent 16 two-member wards across the borough.

You have until 16 June 2016 to have your say on the recommendations

Stage of review	Description
22 Sep - 30 Nov 2015	Public consultation on new ward boundaries
15 Mar - 16 Jun 2016	Public consultation on draft recommendations for new electoral arrangements
20 Sep 2016	Publication of final recommendations by the Commission
May 2018	Subject to parliamentary approval - implementation of new arrangements at local elections

Summary of our recommendations

We have considered all the submissions we received during the previous phase of consultation on warding arrangements.

Our draft recommendations propose that Hastings Borough Council's 32 councillors should represent 16 two-member wards.

The Commission believes the draft recommendations meet its obligations – which are set in law to:

- Deliver electoral equality for voters.
- Reflect local community interests and identities.
- Promote effective and convenient local government.

An outline of the proposals is shown in the map to the right of this box. A detailed report on the recommendations and interactive mapping is available on our website at: www.lgbce.org.uk.

The Commission welcomes comments on these draft recommendations whether you support the proposals or if wish to put forward alternative arrangements. In particular, the Commission welcomes proposals for alternative boundaries or ward names which meet the criteria we must follow as part of electoral reviews and which are described in more detail over the page
