Subject: Proposed Ward Boundary Changes, Knaresborough

Dear Sirs

Having looked at the proposals for knaresborough it seems to me that the proposed Tentergate Ward is in effect a Town Centre Ward. This is characterised by buildings that are older and denser or less suburban than the others. The Town centre is also unfortunately a victim of high and increasing volumes of car and lorry traffic as well as issues around parking.

It would be logical therefore to include both sides of York Place as well as the West side of Iles Lane in this Tentergate Ward. As a resident [REDACTED] I want to be represented by a Councillor who shares the concerns of other Town centre residents. I would be very unhappy to have a Councillor most of whose constituency are suburbanites who are not generally concerned about the traffic and pollution issues which in particular are a concern to the residents of The High Street, Bond End And York Place.

S R Hutchings
