Comment text:

Fallowfield Loop best natural dividing line between Burnage and Levenshulme (it is already going to be used to separate Withington from Fallowfield Ward) and Matthews Lane divides Levenshulme Community from Longsight. Ardwick can gain west of Northmoor Road from Longsight Ward. Burnage and Longsight growin a lot faster than Levenshulme which should be taken into account. I represented Levenshulme for over 25 years as an elected member and know this part of the city v well. John Commons and can be contacted on [REDACTED]
