Good Morning,

I welcome the reduction in the number of Councillors. We used to have a councillor living opposite us, and the costs of the extraneous items that they get is mind boggling.

Greyfriars, Cadley and most of Ingol are most of the same type of housing with similar issues. Sharon Green is similar but has the Hospital there as well and so deal with traffic and parking problems.

Larches and Lea are also similar areas.

At the last election there was one ward in Preston where only one candidate applied to be a councillor. It’s shocking that the public have such a lack of interest.

Regards,

Brian Bromley
