

East Hampshire District**Personal Details:****Name:** Jane Ives**E-mail:** **Postcode:** **Organisation Name:** Greatham Parish Council**Comment text:**

Greatham Parish Council discussed this consultation at their meeting on 4th December 2017 and resolved that they wished to object to the proposal to include Greatham in Whitehill Hogmoor Ward. The Council felt that Greatham village would not be adequately represented in this ward as they would be swamped by the larger area of Whitehill & Hogmoor. The Council understands that there is an amended proposal to include Greatham in an enlarged Liss Ward. The Council would fully support this proposal which they understand would include Hill Brow, Liss, Liss Forest and Greatham. In addition, Greatham Parish Council would request that the postcode area of GU33 6AA, known as Langley Lines, is also included within the Ward, and indeed within the village of Greatham, as it is far closer in proximity to Greatham than it is to Whitehill where it currently sits.
