Living on [REDACTED] I'm very surprised that the ward changes proposed will place me in bur [REDACTED] Levenshulme station, very close to Levenshulme library and all shops. I don't identify with burnage, and there is a historic wall that separates Levenshulme from burnage running along the end of my road and the neighbouring roads. All my travel links connect through Levenshulme. I propose the amendment to the boundary between Levenshulme and burnage to run along the western end of Elmgate Grove, fir Grove, birdhall Grove to include these roads and forest range, Marshall Rd which are geographically, socially and politically part of Levenshulme.
