Whalley Range is a distinct area with its own community and characteristics. It makes no sense to include some of it into Fallowfield as the map appears to show nor to lose areas of Whalley Range to Chorlton. I would feel as a resident of 30 years that the whole of Whalley Range should remain within one ward with adjustments only made outside of that to get numbers correct. Current boundary as I understand it is Moss Lane West, Withington Road to the Park, Springbridge Road along Wilbraham down to Mauldeth along Mauldeth then up Manchester Road upper Chorlton Road etc.
