Subject: Slade Green Forum re Bexley Ward Boundary proposals

Hello

Just confirming that we are largely satisfied with the amended proposals.

Two points we would like to make:

First, having the boundary include all of the railway depot in Slade Green would be helpful - local people work there and the only way to access it is via Slade Green.

Second, we would prefer to have the names 'Northend' and 'Slade Green' reversed - as we stated in our previous submission, Slade Green is by far the larger community. It would however be good to retain the 'Northend' name, so we suggest 'Slade Green and Northend' for the ward name.

Roy Hillman

Treasurer, Slade Green Community Forum
