Comment text:

I have been a councillor for Coulsdon East for 26 years. Although I realise that the population in this ward is low, yet upon examination you will notice that the ward has obvious boundaries (i.e. the railway, the City of London Commons, & Surrey boundary To split this ward would be difficult and would harm internal communications. I would suggest therefore that the ward be made a two member ward with the same boundaries. . If however you wishes to redraw the boundaries I would suggest adding posal districts KE1 & KE3(Hartley area). Chris Wright (Cllr.)
