While I understand the reasons for increasing the size of Wards I am most concerned that Drayton will lose its identity becoming part of the "Sutton Courtenay" ward. Drayton is facing many challenges in keeping its village identity as it lies on the Abingdon boundary and I believe that many residents will be very upset at being viewed as some sort of 2nd rate appendage to Sutton Courtenay. If we are to be "twinned with Milton Village then I suggest the ward is named Drayton/Milton Ward.
