Comment text:

Please remove Fair Oak and Horton Heath ward completely from Eastleigh borough's control, before they cover the entire countryside in the borough with houses and roads. The council do not listen to anyone's view unless it agrees entirely with their own, and have let people down by not putting together an acceptable local plan, leaving the borough exposed to developers. They are not fit to represent us and therefore I request that we are detached and put under a new council's control
