Dear Review Officer

Limited Consultation in the London Borough of Bexley by the Local Government Boundary Commission

The following is the formal submission of the Bexleyheath and Crayford Conservative Association with respect to the above limited consultation. This covers the North Eastern quadrant of the London Borough of Bexley including a number of areas that fall within the current Bexleyheath and Crayford Parliamentary Constituency.

I can confirm that Bexleyheath and Crayford Conservative Association fully supports and endorses the Local Government Boundary Commission's new further limited draft recommendations. **We support and endorse the new proposals in their entirety and do not recommend any further changes.**

The reason for our support is that the proposed new wards (Barnehurst, Erith, Northumberland Heath, and, North Heath & Slade Green) are an important improvement on the original draft recommendations as they:

- better meet the need for electoral equality
- better reflect existing local communities

The Association also agrees with the proposed ward names.

Thank you for your time and consideration.

Deputy Chairman (Political)
Bexleyheath & Crayford Conservative Association
