Dear Sirs

I write on behalf of Cllr Richard Brooks and myself - Cllr Robin Perry. We are both Borough Councillors representing Town Ward within SHBC.

After further consultation with many of our constituents we believe that the proposed new boundary between Town Ward and Old Dean should be amended to include Diamond Ridge and Diamond Hill within Town Ward.

The main reasons for this suggestion are that both roads front the A30 (Town Ward), and have a mix of properties and residents that are far more compatible with those in Town Ward than the Old Dean.

We also believe that such a move would also help equalise the numbers of residents in each Ward.

We are advised that the Councillors representing the Old Dean Ward have no objection to the above suggestion.

Your sincerely

Robin Perry
