Comment text:

After local discussion we wish to request that the hamlet of Finchdean currently within the Clanfield & Finchdean ward of EHDC is re-located into the neighbouring ward of Rowlands Castle. The reason being that Finchdean lies within the civil parish of Rowlands Castle and the hamlet sends an elected representative to the Rowlands Castle Parish Council. From a ward representation point of view this make better geographical sense than the current arrangement. Sent on behalf of the EHDC Councillors for the respective wards, Malcolm Johnson ward Councillor for Rowlands Castle Nigel Wren ward Councillor for Clanfield and Finchdean
