Subject: Proposed ward boundary changes

I am writing to confirm my objection and concerns to the proposed alteration to ward boundaries. In particular I have serious reservations regarding the creation of one large ward with three councillors representing Cookley, Wolverley, Blakedown and Chaddesley Corbett.

Such a large ward with few councillors will mean that there will be a lack of resources to deal with issues that need addressing. In addition there is not a geographical or historical link between Chaddesley Corbet and Blakedown and Wolverley and Cookley likely to result in a lack of local representation at the a district level and an increased chance of local councillors not understanding or being able to resolve local issues. The changes would be against the ethos of localism and neighbourhood planning that I thought this administration supported?

I would be grateful if my comments could be taken into account as part of the consultation process and I shall look forward to receiving an acknowledgment of these comments as well as an update on the proposed boundary changes as it goes through the process.

Kind Regards

Caroline Reeve
