to whom it may concern .

For many years i have been on the committee for the st Nicholas community association , i feel that would be detrimental to the ward to split it up in any way . There are many new exciting things which we are striving to make happen a a whole community and feel that any divide will not be beneficial .Has a whole we have access to both schools and playing facilities which as a ward make us a very attractive place and put us in a unique position to attain more such as a community building
