### Comment text:

I write in response to the WCC consultation on behalf of King's Newnham Parish meeting. We are currently in Earl Craven division along with the neighbouring village of Church Lawford. We have many connections with Church Lawford: we are in the same borough council ward, we are in the same church parish, we run many joint events such as the village fete, and we use the same village hall and pub. We therefore feel very strongly that, whatever boundaries are chosen, we ought to remain in the same division of WCC as Church Lawford. Looking further afield, our connections are all with Rugby and not Nuneaton so we would strongly resist any attempt to move our parishes into Nuneaton borough.
