

Dear Sir/madam,

I write on behalf of Bovey Tracey Town Council, who at a meeting of its Recreation, Parks and Property Committee recently considered your proposed new electoral arrangements for Teignbridge District Council and would like to respond as follows:

Bovey Tracey Town Councillors felt that the proposal to remove Lustleigh from within our existing boundary does not logistically and geographically make sense. Town Councillors wish to propose that the existing boundary remains unchanged on the basis that the current arrangements work very well at present and there is familiarity with the current District Councillors. Town Councillors consider that the proposals are not future proof.

Kind regards

Mark Wells  
Town Clerk
