Annotation 1: Extension of Four Marks parish boundary to include eastern Shrove dwellings.

Annotation 2:

Annotation 3:

Comment text:

The Parish boundary should be extended to include the residential area of the east Shrove currently part of Chawton parish. This should include all the Shrove properties and residents / voters in the Four Marks and Medstead ward to reflect their geographic location in the Four Marks community, and their use of Four Marks local amenities. Their sense of belonging is to Four Marks and not to Chawton, which is located three miles away along a fast dual-carriageway, with open countryside (South Downs National Park) to the south, and a railway line to the north. The houses on the Shrove are linear detached houses on large plots, with three small 'cul-de-sac' housing developments built in the few last years.
