Aylesbury Vale District

Personal Details:

Name: Wilma Kingsbury

[redacted]

Organisation Name: RAF Halton

Map Features:

Comment text:

As a Community Development Officer for RAF Halton my interest lies with keeping Halton's Service families residents together with the Service families and residents in the Wendover ward/boundaries. Having spoken to the residents, the proposed changes to Halton Parish with Aston Clinton is not in keeping with the current status quo for Halton. Changes to wards and boundaries will have a significant effect on the local community, schooling being one. Halton's roads and pathways..access to amenities naturally fall in the direction of Wendover which is where the Parish of Halton should stay. There are no pathways to Aston Clinton and residents if accessing this area have to walk along busy country roads with no footpaths in particular for schooling. Halton has always had a significantly close and special relationship with Wendover and would like to remain as part of the Wendover ward.
