Subject: Electoral Review of Stafford

I apologise for the delay in replying to your consultation. Brocton Parish Council had its' first meeting last evening since receiving the information from you at the end of July.

Brocton Parish is part of the Milford Ward which is currently served by two Members. The Ward is quite extensive in area and comprises a number of small rural villages in the Trent Valley. We feel that it is important to the area that we retain two Borough Councillors due to the extent of the area, the population, the location within the Cannock Chase AONB which brings its own responsibilities on local government. There are a number of Parish Councils within the Milford Ward which the Borough Councillors liaise with and attend meetings of. This inevitably adds to the workload they have and we feel that adequate communication and liaison would be difficult with less than two Borough Council representatives. In reviewing numbers and ward boundaries we hope you will take these comments into consideration.

C Hammond (Mrs)
Clerk to Brocton Parish Council.
