RE THE PROPOSED CHANGES TO ELECTORAL BOUNDARIES

The Parish Council acknowledges the proposals relating to changes to the Electoral Boundaries and wishes to record its concern over the process of "creeping incorporation" into the town of Kenilworth. Whilst there is clearly a strong commercial and social relationship between the Parish and the town, we believe that it is essential that the separation between the two settlements is maintained and that the urban expansion of Kenilworth does not challenge the independent rural community of the Parish.

Parish Clerk,  
Eileen Clayton.
