Comment text:

I feel strongly that Inkpen (where I live) should continue to be connected to Kintbury. Kintbury is where our important facilities like shop, station and surgery are. A great many Inkpen people have to travel through Kintbury to reach the A4 / rail station. Several families we know have retired from Inkpen to Kintbury and a distance of just two miles Kintbury feels very much part of Inkpen’s world.
