Subject: Comments on Boundary reviews in Stratford on Avon District

I am writing on behalf of my two Parish Councils That are both affected by the boundary reviews in Stratford on Avon District . The Parishes are those of Moreton Morrell, and Newbold Pacey and Ashorne , both form part of the Wellesbourne ward . Wellesbourne is a large ward and has 3 District Cllrs that represent our Parishes . There is a huge benefit to our Parishes and Communities by having access to multiple ward members , generally we have all year round cover when holidays arise etc . Each Cllr also has an area of specialism like planning for example . At many Parish Council meetings we have all 3 attending . My councils understand the rational for reducing the number of councillors overall to achieve cost reductions , however,it is our strong preference that Wellesbourne remains one single ward with two Cllrs as appose to dividing the ward . We will be much better served for the reasons explained by two Cllrs . In other word remain status quo with 2 cllrs , it has served our community well for the last decades.

Pam Routly
Clerk
Moreton Morrell
Newbold Pacey and Ashorne.
