Dear Mr Owen,

Electoral Review of Wyre Forest

With reference to your letter of the 24th September 2013, I am aware that you will have received a response to your consultation on new ward boundaries from Wyre Forest District Council.

This Town Council is aware of the District Council response to the consultation so far as new ward boundaries for Stourport-on-Severn are concerned and perhaps you could please note that the Town Council endorses the response made by the District Council about suggested warding arrangements for the Town.

Whilst it may not be possible to take this comment on behalf of the Town Council into account at this stage of the consultation, perhaps it can be considered please during the next consultation when the Commission's draft recommendations for Wyre Forest are to be published during Spring 2014?

Thank you.

Yours sincerely,

[REDACTED]

Town Clerk
