Subject: Proposed ward boundary changes wyre forest Cookley & Wolverley

Hi

My wife and I don't think it's a good idea to link wolverley and cookley with blakedown and chaddesley Corbett. Historically we have been linked with our very close neighbours wolverley for many years. Wolverley is very close to cookley and across the fields it's probably less than 1 mile. Families have mixed and married between the two neighbouring villages. We go to pubs and churches and social events in wolverley. I have lived in this village of Cookley. For 63 years, my father also and my grandfather before him. We have nothing in common with Blakedown or chaddesley Corbett, they are both too far away.
