Introduction	4
Main Estimate	6

Introduction

This Estimate covers the DEL and AME resource, capital and cash requirements for administrative and operational costs of the Local Government Boundary Commission for England on planning for and carrying out the functions and duties imposed on it by, or by virtue of, the Local Government and Public Involvement in Health Act 2007, the Local Democracy, Economic Development and Construction Act 2009, and the Greater London Authority Act 1999.

These functions and duties include undertaking electoral reviews of local authorities in England and implementing any changes by Order; undertaking reviews of administrative boundaries of local authorities in England and making recommendations to the Secretary of State for any changes; providing advice, at his request, to the Secretary of State on any proposals he receives from local authorities for a change to unitary status; undertaking reviews of the constituencies of the Greater London Assembly and implementing any changes by Order; altering the boundaries of district council or London borough wards and county council divisions as a consequence of the outcome of community governance reviews conducted by local authorities in England; and making orders to implement proposals from local authorities wishing to move to elections by thirds or by halves.

Paragraph 11 of Schedule 1 to the Local Democracy, Economic Development and Construction Act 2009 requires the Local Government Boundary Commission for England to submit to the Speaker's Committee each financial year an estimate of the Commission's income and expenditure. After concluding its examination and making modifications (if any) to the Estimate the Speaker's Committee shall lay the Estimate before the House of Commons.

Supply Estimates are the means by which the Local Government Boundary Commission for England seeks authority from Parliament for its spending each year. The Main Estimate starts the process and is presented to Parliament around the start of the financial year to which it relates.

This Main Estimate is presented in resource, capital and cash terms.

Main Estimate	The Estimate is structured as follows
Part I	Part I of the Estimate contains the net provision sought (i.e. the amount of expenditure in resource and capital terms by budgetary category and the net cash requirement) for the coming financial year; a formal description of the services to be financed from each budget boundary and any income to be retained (known as the Ambit); who will account for the Estimate; and any resources, capital and cash which have already been allocated in the Vote on Account.
Part II	<p>Part II sets out in a tabular matrix format the resources required. Each of the columns numbered 1 to 11 is expressed in accruals terms.</p> <p>Columns 1 to 6 fall within the Resource Budget. Columns 1 and 4 show direct gross resource expenditure and include amounts in respect of the current consumption of assets but do not include the amounts associated with the acquisition of assets. Columns 2 and 5 show income that may be used to offset gross resource expenditure and are deducted from the amounts in columns 1 and 4 to give a net total amount (columns 3 and 6).</p> <p>Columns 7 and 8 show the capital (i.e. non-resource) elements of the Estimate. Column 7 shows capital acquisitions and column 8 shows any income related to capital expenditure, such as income from the disposal of fixed assets. Column 9 gives the net total capital.</p> <p>The final two columns of the table show the net total resource and capital provision for the previous year. These figures are for comparative purposes and are adjusted as far as possible to be consistent with the structure for the coming year.</p> <p>A detailed explanation of the reconciliation between the net resource total and the net cash requirement, which includes capital expenditure, removes any non-cash items, adjusts for Non Departmental Public Bodies, reflects movements in working balances and removes non-voted budget items, is shown in the second section of Part II.</p>
Part III	Part III shows the Statement of Comprehensive Net Expenditure & Reconciliation Table, any income received to offset gross spending, any extra income and receipts payable to the Consolidated Fund and details of the Accounting Officer’s responsibilities.
Income	The source of all types of income, both resource and capital, is explained in Part I and analysed in a Note to the Estimate. The Commission does not expect to receive any income.
2015-16 Main Estimates	The 2015-16 Main Estimates are presented in six booklets. This booklet covers the Main Estimate for the Local Government Boundary Commission for England. Five separate booklets are being presented to Parliament for the main central government departments (HC215), The House of Commons (Administration) (HC219), the National Audit Office (HC172), and the Electoral Commission (HC176). The Independent Parliamentary Standards Authority will be presenting their own booklet to Parliament.
Parliamentary Procedure	Full details of Parliamentary procedure for the voting of resources are given in the Main Estimate booklet for central government departments (HC215) presented today.

Part I

	£		
	Voted	Non-Voted	Total

Part III: Note D - Explanation of Accounting Officer responsibilities

The Accounting Officer prepares resource accounts for each financial year.

The Speaker's Committee has appointed Jolyon Jackson, the Chief Executive, as Accounting Officer of the Local Government Boundary Commission for England.

Jolyon Jackson has personal responsibility for the proper presentation of the Local Government Boundary Commission for England's resource accounts and their transmission to the Comptroller & Auditor General, and is also responsible for the use of public money and stewardship of assets.

In discharging these responsibilities, particular regard is given to:

- observing any accounting and disclosure requirements (including any Accounts Direction) and applying suitable accounting policies on a consistent basis;
- making judgements and estimates on a reasonable basis;
- stating whether applicable accounting standards, as set out in the Financial Reporting Manual (FReM), or an organisation's version of it, have been followed, and explain any material departures in the accounts; and
- preparing the accounts on a going concern basis.

The responsibilities of an Accounting Officer, including responsibility for regularity and propriety of the public finances for which an Accounting Officer is answerable, for keeping proper records and safeguarding assets, are also set out in Chapter 3 of *Managing Public Money*.
