Dear Sirs

In addition to the council submission on the above review I wish to submit my own with regard to the Windlesham Ward.

I fully support the Council submission that the boundary of the Windklesham Ward be extended to the A322 to include the roads listed in the Council's submission previously in the Bagshot Ward and to keep all remaining Windlesham Boundaries

However I would put forward further changes to extend Windlesham ward to take in all those roads and properties to the north of the M3 as far as the edge of the Surrey Heath borough boundaries to take in the roads previously in Chobham ward consisting of the following roads:

- Chertsey Road-to the borough boundary**
- Woodlands Lane to remain in Windlesham as although this loops south of the M3 in parts it leads directly into Windlesham and has long term community connections**
- Highams Lane-to motorway**
- Windsor Road-to motorway**

This would amount to an additional 100 to 150 electors,

It would also make a more consistent ward with the natural boundary of the M3and continues other parts of the common already in this ward.

Most people in this area consider that they are part of Windlesham anyway (The old BOC HQ recently bought has always had

a Windlesham focus and address) and they are considerably nearer the centre of Windlesham than Chobham.

Chertsey Road leads through this area straight down into Windlesham compared to the more convoluted route into Chobham.

I believe that this would be a better solution to move this area to Windlesham rather than remain rather artificially in Chobham.

Moira Gibson

Councillor, Windlesham Ward
