## Generation Games

13TH MAY - 24TH JUNE

**Saturday 18<sup>th</sup> May**

Launch Date

The history of video game consoles is divided into eight 'Generations' and the exhibition features them all!

The exhibition will include a playable version of games from each Generation, such as Generation Five's early Tomb Raider, and Tetris on an original 1990 Game Boy, as well as showcasing consoles from across the years.

The collection from Samuel Anstee, now includes one of every console released in the UK since 1972.
