

PE and Sport Grant

Background

In April 2013, the Government announced new funding of £150 million for physical education (PE) and sport, to be used to improve the quality and breadth of PE and sport provision. Funding was allocated to all maintained and state-funded schools with primary phase pupils from September 2013.

Schools are free to determine how best to use this funding to improve the quality and breadth of PE and sport provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

Pottery received £9,389 in 2016/17

We have used the funding in the following ways:

Action	Reason	Impact	Cost
Bought into the 'Amber Valley School's Sports Partnership'	<p>Allows children access to competition events against other Amber Valley School. Some children 'talent spotted' at these events and subsequently join the club e.g. Athletics.</p> <p>Provides 'Bikeability' (cycling proficiency) 6 hr course for our Y5 children. They can then safely ride bikes to school and back.</p>	<p>Children taken part in a wide variety of competition opportunities (including swimming this year). Improved individual and team successes in area and regional competitions</p> <p>34 Y5 children completed the bikeability course and can cycle safely on known roads.</p>	£1,000
Employed specialist coaches during curricular PE time (Premier Sport) to work alongside teaching staff	Staff CPD. This opportunity skills up our class teachers, also enabling a smaller adult: child ratio so the children benefit.	<p>Staff increase knowledge and skills.</p> <p>Pupils experience wider range of opportunities e.g tri-golf.</p> <p>Pupils have more 1:1/small group coaching due to ratio. Improved quality of performance.</p>	£7,000
Improved level of fitness of pupils	<p>Identified need.</p> <p>Engaged Premier Sport to lead these whole school each term, set action plan to be achieved for following term test.</p>	<p>Children keen to see improvement. Y6 were not happy that Y5 had better overall fitness scores and worked hard to improve this. Children healthier and more active.</p>	

Ensured all children accessed after school physical education clubs by subsidising costs where children are eligible to FSM or in receipt of Pupil Premium	When audited participation, those children eligible to FSM were not accessing extra-curricular opportunities. Those in receipt of pupil premium 2/3 not accessing due to limited finances.	Increased take up of after school sports clubs from children in receipt of pupil premium/FSM.	£1,500
Forged links with local sports clubs	Children aware of what is on offer locally and are signposted to relevant club/s	Some children joined local clubs.	N/A

Pottery is receiving £9,389 in 2017/18

We will be using the funding in the following ways:

- buying into the 'Derbyshire School's Sports Partnership' which is approximately £1,000 annually
- releasing PE co-ordinators to audit sport participation and impact
- employing specialist coaches during curricular PE time (Premier Sport) £7,000
- providing cover staff to release teachers for professional development in PE, sport and physical activities
- Ensuring all children can access after school physical education clubs by subsidising costs where children are eligible to FSM or in receipt of Pupil Premium £1,500
- Purchasing additional resources as and when identified

Additionally the Government is releasing further funding to schools in order that schools invest in promoting healthier lifestyles - 'The Healthy Pupils Capital Programme.'

The Board of Governors agreed that initially, for this coming year, this money would be spent on taking cohorts of children to the local sports clubs/facilities for a day for quality coaching and familiarisation in order that more pupils become regular members and engage in regular fitness outside of school.
