Dear parents/carers

COVID-19

Following on from recent communications, the Board of Governors are in daily contact with Mrs Hutton and senior staff with regards to the current COVID-19 Pandemic.

Official updates from Gov Website publications “Guidance to educational Settings on COVID-19” and other official channels are referred to regularly, as well as closely working with the Belper Cluster Heads, resulting in continuous monitoring.

As soon as the official advice has been updated it will again be reviewed and implemented as necessary.

The Board are assured that everything possible is being done within school and advice from official updates are being followed.

Kind regards

Jane Bate
Chair of Governors
