

Education Child Protection/Safeguarding

June 2020:

Education Settings Annex A - The safeguarding arrangements for the wider Opening of education settings to children from June 1st

Name of school: Pottery Primary School

Addendum approved by: G Hutton

Name	Role	Date
Gill Hutton	Headteacher	13.7.20
Date addendum published by the setting and made available on the website	14.7.20	

Addendum review dates and changes

Review date	By whom	Summary of changes made	Date implemented

Controlled upon completion

This annex A is new information schools/colleges need to address to support the safeguarding arrangements in their school to cover recent guidance issued by the government on the preparation for and the wider reopening of schools/colleges.

Schools/colleges need be familiar with the following recommended government guidance relating to the plan for wider opening, when considering their safeguarding arrangements:

- <https://www.gov.uk/government/publications/actions-for-educational-and-childcare-settings-to-prepare-for-wider-opening-from-1-june-2020>
- <https://www.gov.uk/government/publications/preparing-for-the-wider-opening-of-schools-from-1-june/planning-guide-for-primary-schools>
- <https://www.gov.uk/government/publications/coronavirus-covid-19-implementing-protective-measures-in-education-and-childcare-settings>

This additional Annex A also reflects any updated advice from Derby and Derbyshire Safeguarding Children Partnership and from the Local Authority (for example: about children with Education, Health and Care (EHC) plans, the Local Authority Designated Officer and Children's Social Care, Reporting Mechanisms, Referral Thresholds and Children in Need).

Key information is found here: <https://www.ddscp.org.uk/coronavirus-safeguarding-arrangements/>

Key Contacts during COVID-19 Arrangements

Role	Name	Contact details
Designated Safeguarding Lead (DSL)	Gill Hutton (until 31.8.20) Louise Nicholson (from 1.9.20)	01773 823383
Deputy DSL(s)	Michelle Kanigowski	01773 823383
Designated member of Senior Leadership Team if DSL (and deputy) cannot be on site	Sarah Core Herbert Strutt School	01773 822771
Headteacher/Principal	Louise Nicholson 1.9.20 – 31.12.20	01773 823383
Chair of Governors/Trustees	Jane Bate	c/o school 01773 823383
Designated Governor/Trustee:	Martin Osborne	c/o school 01773 823383

Controlled upon completion

Role	Name	Contact details
Other key safeguarding agencies as noted in the school safeguarding/child protection policy 2019/20, Addendum April 2020	Alison Bond – family resource worker	c/o Belper School 01773 825281

1. Scope and Definitions

This Annex A applies during the period of school closure due to COVID-19, and the wider opening of an educational setting. It reflects updated advice from our local safeguarding partners Derby and Derbyshire Safeguarding Children Partnership (Derbyshire County Council, Derby City Council, Derby and Derbyshire Clinical Commissioning Group, Tameside and Glossop Clinical Commissioning Group and Derbyshire Constabulary).

It sets out changes to our normal Safeguarding/Child Protection Policy in light of the Department for Education's Guidance collection for [Coronavirus \(COVID-19\): guidance for schools and other educational settings](#), and specifically [Coronavirus: safeguarding in schools, colleges and other providers](#) (updated may 2020)

This does not replace the schools/colleges Child protection /Safeguarding policy 2019/20, and an addendum, summary of any key COVID-19 Mitigation Planning, safeguarding and child protection changes, April 2020

2. Vulnerable Children

The Department for Education's (DfE's) [Coronavirus \(COVID-19\): guidance on vulnerable children and young people](#) continues to apply.

There is the flexibility to offer a place to those who do not meet the Department for Education's definition of 'Vulnerable' but where the School has concerns will continue and will now include, those who could benefit from continued attendance. This might include children and young people who are on the edge of receiving support from Children's social care services, adopted children, NEET, those living in temporary accommodation, those that are young carers and others at the schools, colleges and local authorities discretion.

School and college staff will continue to work with children's social workers, the Designated Lead, virtual school heads, and any other relevant safeguarding, health and pastoral partners to help protect children.

Controlled upon completion

3. Maintaining contact

The SENDCO will maintain weekly contact with parents/carers of children with an EHCP plan during home-learning and where possible will speak with the child. Children are encouraged to attend school where not shielding.

The HEADTEACER will maintain regular contact with parents/carers of children identified as vulnerable. These children will be encouraged to attend school.

4. Reporting Concerns

All staff and volunteers must continue to act on any concerns they have about a child immediately. It is still vitally important to do this.

The local authority has issued updated guidance about identifying vulnerable children during lockdown; assessing and supporting their needs. This includes supporting schools with early intervention services including the Early Help Transition Teams, to provide children and families with the right support at the right time.

['Lockdown Lens' for schools: safeguarding children in Derbyshire](#)

[Refer separate document at end of this Annex](#)

5. Designated Safeguarding Lead (and Deputy) Arrangements

As more children return the School will have a trained DSL or Deputy DSL available on site to coordinate the safeguarding arrangements, and liaise with social workers. If activities take place offsite there will be arrangements in place to provide access to a designated lead.

All school and college staff and volunteers will have access to a trained DSL (or deputy) and know on any given day who that person is and how to speak to them.

In exceptional circumstances:

- a trained DSL (or deputy) from the school or college can be available to be contacted via phone or online video - for example, working from home
- sharing trained DSLs (or deputies) with other schools or colleges (who should be available to be contacted via phone or online video)

The school will ensure there are sufficient staff members can provide pastoral support to help meet the needs of children as they return.

The DSL will provide support to teachers and pastoral staff to ensure contact is maintained with children and their families. This will be for those children and families in school and more importantly for those who are not in school.

Controlled upon completion

Where possible staff should try and speak directly to children to help identify any concerns. Staff should be encouraged (where possible) to make calls from the school or college site via school or college phones and devices. Where staff use personal phones to make calls, they should withhold their personal number.

When communicating with families, this should only be done through school email addresses or recognised channels, within school hours and on school devices. It is recommended that any staff member contacting parents and families is made aware of the school's policy around etiquette and content.

The Designated lead will ensure great care will be taken in the content, storage and dissemination of any records made.

The DSL will ensure all staff will be kept up to date with government and local changes in respect of children returning to the school and the school will update parents/carers and make the relevant guidance's available on the website.

6. Staff Recruitment, Movement of Staff, Training and Induction

The existing school workforce may continue to move between schools in response to Coronavirus.

Where new staff or volunteers are recruited they will continue to be provided with a safeguarding induction. Supply and agency staff, who may be recruited for the wider opening of the school will be given a safeguarding induction, which includes local changes and responses to Coronavirus and local safeguarding policies and procedures.

Some schools/colleges are 'borrowing' staff from other schools/colleges. This will continue to be necessary in some cases and the usual expectations will apply around verification, training, induction to the setting they are temporarily working in and knowledge of the schools/colleges safeguarding policies and procedures.

The school will be clear in how they will access information, both hard copy and electronic especially with regards temporary log in and admin privileges. The school will revisit, processes for data sharing and storage, particularly if key staff members are not on site, using "borrowed staff" and or using other schools.

External visitors should be kept to a minimum, but schools/colleges should make themselves available for Childrens Social Workers, and other relevant partners e.g. Health, who may need to see children on site.

7. Risk Assessments

The School will work with the latest guidance provided by the government on:

- Risk assessments;

Controlled upon completion

- Home school transport;
- Managing the school site;
- Staggering start times, breaks and finish times;
- First aid;
- Social distancing;
- Personal Protective Equipment;
- Managing an outbreak of Coronavirus.

The local authority has provided templates, and resources in preparation for a return to school to assist: <http://services.derbyshire.gov.uk/Page/1277>
<http://services.derbyshire.gov.uk/Page/17535>

For children and young people with EHC (education and health care) plans in Derbyshire all providers have been sent risk mitigation forms to complete and return to the school Lead SEND Officer.

The Risk Mitigation forms are found here:

<https://schoolsnet.derbyshire.gov.uk/administration-services-and-support/coronavirus-information/special-educational-needs-and-disabilities-guidance.aspx>

Each child has been allocated an additional key worker within education to monitor their provision.

Work will continue in partnership with the key worker, other key health and social care professionals, and the family to review risk assessments in light of a wider opening of the school:

<https://www.gov.uk/government/publications/coronavirus-covid-19-send-risk-assessment-guidance>

Children and young people with other complex needs, such as children and young people with special educational needs and disability (SEND) who do not have an EHC plan, the school or local authority can now exercise its discretion to do a risk assessment and offer a place.

The school will continue to undertake and review risk assessments for children and young people with EHC plans who remain at home. Risk assessments will continue to be undertaken to ensure:

- It assists decisions on which children and young people, with an EHC plan, should be attending their educational setting, taking into account the changing circumstances of individual children and young people, with an aim that they can be brought back into face to face education when it is right for them;
- when attendance is not appropriate, assessments can help make decisions about the support children and young people should receive at home, noting that circumstances may have changed;

Controlled upon completion

- Providing helpful information to Headteachers and other professionals in planning for, and supporting, those children and young people with an EHC plan when they do return to educational settings

8. Monitoring attendance

It is expected that vulnerable children will attend where it is appropriate for them to do so and where there are no shielding concerns for the child or their household; where they are not clinically vulnerable and or/following a risk assessment for those children with a EHC plan and or clinical vulnerabilities.

We will continue to work with children and their families not in school and will work with the relevant children and their families to return to school.

Parents/carers will not be penalised if their child does not attend education provision.

Schools/colleges will resume taking their attendance register from the 1st June, and will complete the online Educational Settings Form (DfE daily updates).

In addition, schools/colleges in Derbyshire will be completing a returns list of pupils in school to the local authority to help identify with social care partners pupils who are attending and especially those who are deemed as vulnerable and are not attending.

<https://schoolsnet.derbyshire.gov.uk/administration-services-and-support/coronavirus-information/dcc-information-return.aspx>

9. Safeguarding Pupils and Teachers Online

Schools/colleges should still refer to NSPCC guidance, when engaging in remote learning. The guidance is unchanged since its previous update (April 21st 2020).

Schools/colleges should consider greater communication with parents around working on line, to provide reassurances that they are working in a safe environment and encourage them to make their child's online activity as safe possible, this may mean referring families to resources: <https://www.gov.uk/guidance/safeguarding-and-remote-education-during-coronavirus-covid-19>

When video conferencing, schools/colleges are advised not to use 'new platforms' but rather work with established and trusted systems that are already in place such as e.g. G Suite or Office 365.

The DfE recommends that the school will signpost any queries, and in regards to data protection to their Local authority Data Protection service.

Controlled upon completion

10. Peer on Peer Abuse

Usual reporting of suspected or actual peer on peer abuse applies. All staff need to be aware that incidents may have happened out of school, whilst children are not attending, and these may require a safeguarding response when they return and the school is made aware.

11. Mental Health and Well-being

The school will continue to support children in respect of their emotional health and wellbeing and acknowledge that, on a child's return into the school, lockdown may have had, and may continue to have, an adverse impact upon their health, wellbeing and safety.

There are guidance's available (updated May 21st) to assist and all staff will be made familiar with this: <https://www.gov.uk/guidance/supporting-pupils-wellbeing>

All staff will be updated around how to identify, refer and respond to a child presenting concerns and know how schools/colleges can receive help:

<https://derbyandderbyshireemotionalhealthandwellbeing.uk/>

A new email address for professionals to access this new service is: ddccg.tict@nhs.net

12. Monitoring Arrangements

This policy (June 2020, Annex A 2020) will be reviewed and updated as Guidance from the Local Safeguarding Partners, other relevant agencies or DfE is received, and as a minimum termly by the Headteacher

At every review, it will be read and approved by the full governing board.

13. Resources

Department for Education coronavirus helpline

The Department for Education coronavirus helpline is available to answer questions about COVID-19 relating to education and children's social care.

Phone: 0800 046 8687

8am to 6pm – Monday to Friday

10am to 4pm – Saturday and Sunday

If you work in a school, have the schools/colleges unique reference number (URN or UK PRN) available

Frequently asked questions on the wider reopening of schools/colleges -

<https://schoolsnet.derbyshire.gov.uk/site-elements/documents/administration/early-years-pvi-frequently-asked-questions-issue-3.pdf>

Controlled upon completion

Early Help & Safeguarding Briefing — 22 May 2020

'Lockdown Lens' for schools: Safeguarding children in Derbyshire

To provide schools with information about identifying vulnerable children during lockdown; and about assessing and supporting their needs.

What is different during lockdown?

The lack of visibility of children can amplify the risks for children, and indicators of emerging need could be missed. The message is to be vigilant and work with partners to safeguard children.

During lockdown, some families will experience a range of challenges, which could compromise their parenting and children may become more vulnerable. These pressures could include:

- Inter-parental conflict, domestic abuse or family breakdown
- Parental mental health, impact of social isolation and limited support
- Substance misuse and increased dependency on substances to cope
- Parental ability to provide home schooling e.g. language barriers, cross cultural dynamics, parents' cognitive skills
- Children becoming young carers for siblings or parents.
- Financial pressures on families for basics such as food, utilities and other essentials
- Lack of parental boundaries, home routines with meals, bedtimes and supervision including screen time.

During lockdown indicators of concern may be:

- Lack of parental engagement with home schooling arrangements
- Children not attending school when they have a place
- Families only engaging via phone calls or emails and not using video calls (lack of visibility)
- A range of indicators (see above) particularly where a child is not already open to Children's Services (see your Early Help & Safeguarding School Report, which is circulated via Perspective Lite on a fortnightly basis)
- Parents new to the school with previous history of social care involvement and some emerging concerns e.g. school attendance.

Controlled upon completion

What is a vulnerable child?

The government has provided a definition of 'vulnerable children' for the purposes of school attendance during the COVID-19 pandemic. The government's guidance is available here:

<https://www.gov.uk/government/publications/coronavirus-covid-19-guidance-on-vulnerable-children-and-young-people/coronavirus-covid-19-guidance-on-vulnerable-children-and-young-people>

In brief, the government's definition includes children with a social worker, children with an education, health and care plan and other children the education provider or local authority has assessed as being vulnerable. This could include, for example, children on the edge of needing social care support; adopted children; young carers; children in temporary accommodation; children not in education / employment and others at the provider's discretion.

It is important to be clear that this government definition relates primarily to school attendance. The Derby & Derbyshire Safeguarding Children's Partnership 'Thresholds document' should always be used as a reference point if there are concerns about a child that may require the provision of early help or support from social care.

Alongside this, the 'Lockdown Lens' needs to be applied and professionals should be conscious that the range of universal services and community support are operating differently following government Lockdown guidance. This could limit the visibility of a child and their need for help and protection. Partners are all still available to support vulnerable children and our Early Help Transition Teams can be contacted for advice and support.

What can the school do?

- Think about why I am concerned and what are the vulnerabilities?
- Identify the rationale of why you are concerned for the child now and what has changed to prompt you to think this?
- When making contact with the family think about whether you have seen and spoken to the child – if not, why not? What were the barriers to doing so? ● Does the child require in-school solutions and how can you respond to decrease your concerns?

Controlled upon completion

- Think about local support and services that can assist the parent/carer and child. (The Early Help Transition team can assist with directories and signposting and there are many resources detailed on SchoolsNet)
- What sources of support do I have access to assist me in making a decision?
e.g.- Designated Safeguarding Leads, the Early Help Transition Team, the Starting Point Professionals Advice Line 01629 535353.
- Having considered the threshold document does the child/family require an early help assessment (EHA) to be undertaken, are there other agencies involved to work with to co-ordinate a response, does the concern warrant the involvement of children services? Your local Early Help Advisor is available to support you with the EI-IA process and links to key partners.
- For those children with allocated workers, keep in regular communication with them and escalate to the lead professional if you are not managing to make contact.
- If you believe the child is at risk of significant harm refer your concerns without delay by calling 01629 533190.

Resources and services that can support vulnerable children:

Emotional support for families, including mental health:

<https://www.derbyshire.gov.uk/social-health/health-and-wellbeing/healthprotection/disease-control/coronavirus/emotional-health-and-wellbeing/support-forfamilies/emotional-support-for-families.aspx>

Staying safe during the COVID-19 pandemic, including keeping children safe, support for children and domestic abuse <https://www.derbyshire.gov.uk/social-health/health-and-wellbeing/healthprotection/disease-control/coronavirus/staying-safe/staying-safe-during-the-covid-19pandemic.aspx>

Safeguarding COVID-19 tile on SchoolsNet which has a range of documents published since the pandemic started including the Early Help offer, safeguarding updates and NSPCC information:

<https://schoolsnet.derbyshire.gov.uk/administration-services-and-support/coronavirus-information/safeguarding-covid-19.aspx>
