

Everyone Active in partnership with benecosMavericks, endeavour to meet the needs and demands of your school - its pupils and teachers. We understand that you may have challenges in some areas, and excel in others. We therefore want to work with you to ensure Mavericks and EA deliver sessions to pupils and upskill teachers where necessary. We have the expertise to support you as a school, train colleagues, and influence children to take part in physical activity, impacting their mental health and physical wellbeing for the better.

Please refer to the basic package for the full description of our projects and the impact they can have on your pupils and teachers. Please note that the basic package offers better value for money over the course of the year.

Please use the tick box to select the options your school would most benefit from and what you would like to commit to over the course of the year.

If you have any questions or would like to sign your school up please contact netball@everyoneactive.com
